

Winfield Rec Council Minutes
Sept. 22, 2003

Attending:

Sam Alspach Square Dancing
Scott McLeod Soccer
Dominic Monteil Football/Cheering
Stephen Willingham Wrestling
Jean Shea Vice-President
Carol Waters Treasurer

Reports:

Treasurer:

Baseball owes \$300 administrative fee plus \$2/player registration fee. Season ended in July, this is way overdue. Carol has had no response from Baseball and has not even been able to determine who their treasurer is.

Football owes \$300 administrative fee plus \$2/player registration fee.

Carol expressed frustration that affiliated programs are operating at such independence that it has been impossible to get the income/expense figures required to be submitted to the county despite repeated requests. The programs are reminded again that they are financially responsible to the Rec Council. It was again suggested to institute collecting a bond from each program that will be forfeited if the required information is not received in a timely manner. Financial reports are due to the county by Aug. 1, and as of today, the council still does not have figures from Baseball or Football and incomplete figures from Soccer.

Some discussion re: travel, they are starting the year in the red. Rec will bail them out but it was agreed we will not fund uniforms or tournaments for travel teams. Travel needs to collect these fees upfront in registration based on what tournaments they plan to enter.
